TO: Registration & Subscription Executive, B.S.A.  
FROM: Fort Simcoe Council, B.S.A.  
SUBJECT: Removal from registration of an undesirable Scouter

Through a young man at Camp School last June we became aware of a suspected moral problem with Mr. Chuck Howell, who is currently registered with us as a Scoutmaster of Troop 477 in Ellensburg, Wa.

This young man came to us from the Chief Seattle Council where he had been employed as a counsellor in their camp. The information we received at Camp School was that he had been discharged from that position on suspicion of homosexuality.

In an effort to obtain proof of this we secured the enclosed letter (photostatic copy) written by Mr. Chuck Howell and addressed to a [REDACTED] of Twin Falls, Idaho.

We are anxious to resolve this matter and await word from you.

Sincerely,

DYKES\_I\_006631

Aug 25, 1973

Dear [REDACTED]

Just home from camp on the 31<sup>st</sup> July, and went over to Scrabie for two weeks to be with my family. Returned to E. Bay for a week. My girlfriend left for Australia to teach school for two years (she graduated in Math from Central, and will be teaching High School age students) on 17<sup>th</sup> Aug. So I come over with her to Sea-Tac to see her off and school mother will be in Seattle. Moved a few of my belongings to Johnson County as I start my September gig over here on Monday. Plan not writing you yesterday for you because you did, but because it's all of her right now and I wanted to get a letter off to you before I would be back in the next mo. or so.

The most important part of your letter was the first sentence of Pg 173, "regarding your friendship as crystal clear, and well to keep it." I respond to that with this: you, it's yours for as long as you want it. I am gay (homosexual). My girlfriend who I speak of earlier has known this now for almost a year. And in that time we have grown together definitely and socially, and may some day live with each other in the same house. I call her out (possibly) as man and wife. Some say this, that is Bi-definitely but on the sexual continuum of

| heterosexual — Bi — — homosexual |  
1 5 ..

I would have to rate myself as on 7.9-8.5 ??????

CONF008761

DYKES\_I\_006632

(1) adopted the March 2nd of 1941.)

As far as [REDACTED] is concerned he can show it up he says and let it Rot there. Short explanation.  
My first year in college worked my first year as a staff member. I taught Archery, and never having picked up a bow & arrow before shot quite well. I was the only one on the range during the day except when campers come down and it would get quite lonely when there was no one of my maturity to interact with. So I learned to become an 11-12 yr old. I was 19. The next year when I returned I was well known by staff and returning campers. Had made the mistake the first year of letting an associate staff member know I was gay, which I think created some of the problems the second year. ~~but for~~ Developed a crush on a first year staff member that year [REDACTED] (5p.)  
He later hit on that he was in love with me but had never had sex before (only child) and wanted me to "allow him the ropes". This is not quite sexual terminology but it works. He was becoming my fixated on staff and decided to quit the second week. But he returned to a camp on the reservation just 5 miles from us and came over one night to see his, at which time we had a short lesson on the joys of physical sex. That was the last I saw of him until a few later. In my presentation over [REDACTED] I let my guard down by mistake and became open to suggestion by campers. I all of a sudden on the 7th week found myself hanging out with sex campers ages 14-16 and pictures taken of three of us on the archery range (which) not long ago or even suggesting such. I received copies of the photos & comments left on the next week. And I showed [REDACTED] with a few staff. By this time most everyone knew of them. [REDACTED] asked if he could see them and the next morning I was asked to relieve myself of my position of the staff by the Camp Dir. I worked as program Dir for a staffed camp this year & last, not nature, and in a different council. when they found out from [REDACTED] what you know they checked it out but still kept me on as a staff member. Haven't seen any of them for a few days & know what will happen. . . . .

CONF008762

DYKES\_I\_006633

I learned a lot from the programs of that summer.  
More than could be written here, I will mention  
a few though 1. (on 14th 18mm) you can't have sex with  
an 11-16 year old if he doesn't want it. 2. there  
is very little gained in sexual activities with  
teens. 3. Seduction of 11-18 year olds does not create  
homosexual but can bring out hidden homosexual  
tendencies at an earlier stage. 4. Nonhomosexual - bi sexual  
(1-5) youths won't be seduced by gays. Since that  
time I have been working on eliminating my  
feelings with information I have found out. It is  
a hard job. That is it, I do say it is not a story  
to tell around the campfire. And I am sure you  
won't.

Where do you fit into this picture? Don't  
ever let it be like this. For a male you have an ideal  
physique and personality and become a prime  
target for gays. If you are slightly effeminate  
you will be a stereotypical "fag". Then God you're not.  
I enjoy the company of all the people at camp  
school but try to make atleast one couple close  
friends before the weeks end (Believe it or not a  
Scout from school ~~that~~ four years ago turned up three weeks  
ago at the same gay bar I was at in Seattle. We  
were great friends at school and had kept in contact  
for two years & in last contact until the other day.  
He "came out" about a year ago, and never knew  
I was gay until the last year. It happened that you  
and Terry were the year class claim for the year.  
I suspected that you were most likely straight,  
and never tried to seduce you, because your  
handsome and have given more to me than your  
body. And I try to respect your orientation (again for that matter)  
in hopes that they will do like me for me.  
I am not perfect and have many faults some of  
which could be corrected others, which are permanent.

CONF008763

DYKES\_I\_006634

But I think that I have many good parts  
also and they try to slight first.  
Must take leave now for getting into camp, and  
have funds to meet before too late. But before I go...

For what ever love means to you  
I love you in my way ...  
With my own feeling & definition ...  
for what ever love means to you  
I'll love you as you wish me to ...  
With your wanted response.  
If I may touch you, hold you, kiss you?  
If I may not?  
I will still love you ... my way.

Yours, Brothman, Friend,

Charles Howell

P.S. If Brothman was a full moon, then hell on me.

P.P.S. (sic)

Will explain shooting and my relationship  
to it in another letter later after I hear from you.  
For now I am not in the B.S.A. to "crusie" slender.  
Shall we say I've learned my lesson?
